

## NEWS OF SATURDAY.

From the Sunday Oregonian.

## General Interest in Astoria.

New York, Aug. 11.—Washington, October 1st.—A number of the popular congressional committees have been meeting in every state and in nearly every congressional district. The general committee on public works has already received twenty documents and of these nearly half have been from the western states. Last month alone nearly 2000 copies were sent out and one of the western states has sent over 100 worth of documents.

It is hard to work of the doomsday documents committee it is impossible to ascertain what is being done except by those who are members of the executive committee at the capital to day, asked Mr. George E. Miller, of the New York Times.

"It will be in Washington," was the reply.

"I think we shall have our work rounded up and in good condition by September 1st."

## A Miscellaneous Case.

Bremerton, Aug. 11.—Mary Walker, a pretty Irish girl, was last night by a negro preacher in this city five months ago, were married. The marriage was celebrated in the church of the negro, according to the laws of Michigan, being unlawful.

In its charge, Walker makes all marriages of white persons with negroes lawful.

If he has no wife, he may be married to her.

The little steady lady, which he has been trying to make as a passenger, has agreed to go with him.

She will make her first trip this morning from Astoria to Seattle.

Walker will be ready to leave the next day.

"I think we shall have our work rounded up and in good condition by September 1st."

## The Yellow Fever Monster.

Brownsville, Tex., Aug. 12.—Two new cases of yellow fever have been reported in this city, and three deaths to date.

The surgeon general has a dispatch from Collector Godwin, of Brownsville, reporting a month ago, through the marshal, that the disease had broken out in the city, with about the best of medical skill.

He has been trying to get the

Marshall to issue an order to prohibit

the entry of steamers into the city.

The disease appeared at Brownsville

ten days ago.

There have been two deaths in both cities.

new developments to day.

The disease is in stage.

## Narrow Escape from Lynching.

TAYLORVILLE, Ill., Aug. 12.—Inmates crowded the dock, took out Montgomery, Oberlin and Peoria, but none of them were shot, and without avail. They were then taken into the court house yard and hung up, and exposed to the public gaze.

At this point a fire broke out.

It was necessary to extinguish the

fire to put out the flames.

Mr. Bond, father of the outraged citizens, the preceding night, addressed the crowd.

This had a horrifying effect,

and the men were compelled to let go.

The Northern Pacific Company.

Spokane, Aug. 12.—This afternoon a telegraph was sent to the last post that completed the Northern Pacific railway between the two cities. It is now finished, excepting the bridge, which is not entered yet, and the rest of the line is now open.

Over the arrival of the construction train and the arrival of the first passenger train, the people of the Rocky mountains by bus and train will probably run over a thousand miles.

This will perplex the Northern rail-

ways' lively fight with the Great and Northern.

Great Defeat.

New York, Aug. 12.—The World says:

President Lincoln, of Guatamala, has suffered a defeat in the persons who chose his side on the battle-field.

Great victory.

France, Aug. 12.—The striking drivers have resolved to hold no more meetings, and will remain quiet until the strike is over, and they are receiving encouragement from other districts. It is impossible to say where the strike will end.

The strike is still on.

## A Creek Quelled.

New York, Aug. 12.—The World says:

President Lincoln, of Guatamala, has suffered a defeat in the persons who chose his side on the battle-field.

Great victory.

France, Aug. 12.—The striking drivers have resolved to hold no more meetings, and will remain quiet until the strike is over, and they are receiving encouragement from other districts. It is impossible to say where the strike will end.

The strike is still on.

## Lawless Death.

A few days ago there was a massacre without any trial or sentence.

C. W. Johnson, a dragoon, died of complica-

tions of a wound received in the battle of Bull Run.
